Health & Safety

Dr. Rachid Amani (ASM's School Doctor) visited ASM G8 & G12 classes on Thursday and stressed the importance of wearing a mask which covers the nose and mouth at all times when in classrooms and maintaining safe distance (at least 1.5m with a mask and 2m without a mask) in order to protect against the risk of spreading COVID19. In order for masks to be effective, they should be changed every 4 hours.

Dr Rachid Amani demonstrates hygienic removal of a mask during his visit to Grade 8 & Grade 12 classes.
