In order to ensure the exams are fair, all students will be required to complete them via Distance Learning from home. Students will not be required to come to campus.

Students will need to use the Google Classroom access code on the schedule in order to join the Google Classroom for all of their exams. They will also need to join the Google Meet using the Grade-specific Google Meet link for every exam.

Students are scheduled to take TWO exams per day. End of year assessments are given in the following subjects: Mathematics, English, Science, Social Studies, Arabic and French. In order to access the exam, students must join the Google Meet at the indicated exam start time.

- **Middle School (G6-8) Exams are up to 1 hour and 30 minutes.**
- **High School (G9-12) Exams are up to 2 hours.**

All exams will be open note/open book/calculator permitted tests*.

***PLEASE NOTE:** for some subjects, end of year assessments may be project-based. Class teachers will inform students and parents about the details of the project-based assessment (i.e. date for submission of project) and this information will also be posted in the Grade-specific Exams Google Classroom.

What if something goes wrong?

If a student accidentally closes the browser, their device crashes, or they temporarily lose internet access they should **phone Main Reception 0524 329860** immediately and ask for Ms Laila. The student should then reboot their WiFi/computer and rejoin the test as promptly as possible.
